VELVET

DESIGN BY MATTEO ZORZENONI

IT — Dalle linee fluide e avvolgenti come un abbraccio, il divano Velvet è un morbido monoblocco dalle forme ergonomiche. Con piedini in metallo finitura brunito, è disponibile in tre larghezze e in tutte le tipologie di tessuto, pelle ed ecopelle. Nella stessa famiglia di imbottiti anche la poltrona e il pouf.

EN — With its flowing lines wrapping you up in a hug, the Velvet sofa is a soft, ergonomically shaped one-piece design. Featuring metal legs in a bronze finish, it comes in three widths and in the full range of fabric, leather and imitation leather options. This family of upholstery items also includes an armchair and ottoman.

in Klaus 10 fabric.

ONNI

DESIGN BY STUDIO GHERARDI

IT — Grazie al volume compatto e alle sue proporzioni contenute, Onni si adatta a qualsiasi situazione. È caratterizzata da una sottile struttura in metallo per le gambe, inclinate nella parte retrostante, che sorregge e dona leggerezza all'insieme. Può essere rivestita in ecopelle e in tessuto sfoderabile, i piedini sono disponibili in tutti i colori laccati opachi e laccati metal.

EN — With its compact volume and modest proportions, Onni sits well in any setting. It features legs with a slender metal structure, angled to the rear, to provide support and give the end result a light feel. It can be upholstered in imitation leather or with removable fabric covers; legs are available in all matt lacquered and metal lacquered colour options.

ARTICHOKE

DESIGN BY STUDIO GHERARDI

IT — Disponibile in tessuto sfoderabile o ecopelle in diversi colori, con base girevole o fissa, Artichoke è caratterizzata da un profilo originale, avvolgente e modellabile che invita ad accomodarsi nel suo confortevole abbraccio. Superfici e contrasti cromatici esaltano materia e forma.

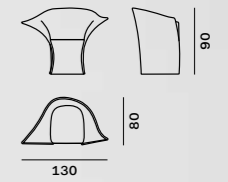

EN — Available with removable fabric covers or imitation leather upholstery in various colours, with swivel or fixed base, Artichoke features an original, enveloping and mouldable silhouette that begs you to sink into its comfortable embrace. Surfaces and contrasting colours enhance the material and form.

VERNICI ALL'ACQUA WATER-BASED PAINTS

IT — Consapevole dell'importanza della salvaguardia del patrimonio naturale, Novamobili è impegnata attivamente per la sua conservazione. Dal 2005 ha installato un esclusivo sistema di laccatura opaca all'acqua che riduce di oltre il 95% l'emissione di solventi inquinanti in atmosfera. Una scelta che corrisponde alla volontà di promuovere la sostenibilità ambientale e l'impegno nel creare un prodotto di qualità, sicuro per la salute dell'uomo, nel rispetto della norma europea EN 71.3.

EN — Aware as we are of the importance of safeguarding our natural heritage, Novamobili is increasingly committed to its conservation. Since 2005, we have been using an exclusive water-based matt lacquering system, reducing the emission of polluting solvents by over 95%. A choice that reflects our desire to promote environmental sustainability and our commitment to creating a quality product that is safe for people, in compliance with European standard EN 71.3.

ECO-COMPATIBILITÀ E QUALITÀ ENVIRONMENTALLY FRIENDLY AND TOP QUALITY

IT — Le vernici all'acqua, applicate con impianti moderni ed efficienti, offrono una resa superiore a quelle tradizionali: le superfici trattate si presentano distese, morbide al tatto e mantengono un'ottima brillantezza dei colori, un'eccezionale durezza e resistenza chimico-fisica della finitura nel tempo.

EN — Water-based paints, applied with efficient modern equipment, give much better results than traditional paints: the treated surfaces are smooth, soft to the touch and maintain excellent colour brilliance, producing a finish with exceptional lasting hardness and chemical and physical resistance.

PANNELLO ECOLOGICO ECOLOGICAL PANEL

IT — Per Novamobili qualità significa rispetto per l'ambiente e per la salute del consumatore. Per questo vengono utilizzati pannelli nobilitati atossici nel pieno rispetto della normativa Europea classe E1. Il Pannello Ecologico è realizzato esclusivamente con reimpiego di legno, mediante un processo produttivo di qualità certificata che rispetta l'ambiente perché non comporta l'abbattimento di alberi.

EN — For Novamobili, quality means respect for the consumer's health and the environment. For this reason, we use non-toxic foil-wrapped panels to European class E1. Our Ecological Panel is made entirely of recycled wood by a quality-certified production process that is environmentally friendly as it does not involve felling trees.

IT — La qualità Novamobili è certificata secondo le direttive dell'Unione Eurasiatica.

EN — Novamobili quality is certified in compliance with the Eurasian Union technical regulations.
